1

Massage in circles around the middle of the forehead in an anti clockwise then clockwise remember (imagine the wand to be the clock hand) 5-9 times each way

2

Massage in zig-zags and then draw the figure 8 pattern on the forehead.

3

Move back and forth over the right eyebrow. stop at the right temple indent next to right eyebrow. massage in a circular motion in an anticlockwise then clockwise direction

4

Stop at the temple indent, and move the wand anticlockwise towards the nose moving gently underneath the bony eye orbit, then around the eye to the eyebrow in a circular motion, around the eye, then repeat in a clockwise direction.

5

Stop at the temple indent, and move the wand anticlockwise towards the nose moving gently underneath the bony eye orbit, then drop down under the cheek bone, moving up towards the ear anticlockwise, then clockwise.

6

Stop at the side of the nostril move the wand under the cheekbone towards the lower ear and back to the nostril.

7

Clench your teeth to feel the jaw muscle close to your ear. Use the wand in a circular motion on this point, anticlockwise then clockwise.

8

Then move from the corner of the mouth up to the ear lobe and back to the corner of the mouth.

9

Move down from the ear to along the jaw towards the chin, from the chin back along the jaw to the ear lobe.

10

Stop at the chin. circle the chin anticlockwise then clockwise.

11

Then move the wand behind the lower ear lobe in the soft part just behind the neck muscle use circular motion anticlockwise then clockwise.

12

From behind the ear gently stroke the wand down the side of the neck to the collar bone, repeat 5 - 9 times. From the collar bone move towards the cleval in light sweeping motions. Now repeat the routine on the left side.
